

Colourful Black Forest – 10 days

The Black Forest is situated in the south western part of Germany and stretches for just over 100 miles from Germany's most famous spa town, Baden-Baden, all the way to Basle in Switzerland. It was the Romans who recognised that the dense growth of conifers blocked out most of the light in the abundant forests here and gave it its name! This beautiful area consists of crystal-clear mountain streams, lakes and waterfalls in gentle hills with dense pine forest and lively spa resorts.

Our tour is based in the cosy **** Maritim Titisee Hotel located in the heart of the Black Forest on the banks of the crystal-clear Titisee from where paths right around the lake invite visitors to take a walk. All our Comfort Rooms have a mini-bar, a safe, Wi-Fi and a large balcony or terrace. The restaurant offers lake views and there is a café on the lake terrace as well as a bar and a beer garden with lake views. The hotel offers an indoor pool with Finish sauna, infrared cabin + gym free of charge. Relax on the hotel's lakeside meadow or play skittles, table tennis or billiards. Overnight stops both ways are in the *** Hotel Ibis Namur in Belgium, situated in the historic part of the city. It offers a bar with 24 hour snacks as well as a restaurant.
