

Trier & Traben-Trarbach Christmas Markets 4 day

Trier is the oldest city in Germany and proud to show-off the best-preserved Roman remains north of the Alps. **The city's most famous sight is the Porta Nigra** (black gate), a massive construction for Roman times, so big that invading armies retreated as soon as it came into view! There is also a Roman bridge, an amphitheatre, a Roman throne room and 2 impressive Roman baths. **Besides those you find architectural jewels from Medieval, Baroque, Rococo and turn-of-the-century periods.**

The main part of the Christmas market is held in the beautiful old main market square with its beautiful historical houses and churches. It is dominated by a huge decorated Christmas tree, where children's choirs perform Christmas carols. **Besides there is a great selection of specialist shops and department stores in the shopping streets which surround the square.** Restaurants, snacks bars and cafes complete this mainly pedestrian area. There are also some remarkable museums for those interested. **A guided walking tour, which includes a visit to one of the roman baths completes your time in Trier.**

Our excursion takes us to the **picturesque wine town of Traben-Trarbach on the Moselle** where **the Christmas Market is situated in the historic wine cellars**, which now take at least 3 hours to explore!

Our tour is based again in the **superb **** Hotel Mercure Trier Porta Nigra uniquely situated opposite this famous Roman gate and within walking distance of 9 UNESCO world heritage sights!** All rooms have satellite TV, room safe and free WI-FI. **This hotel has a restaurant and a bar.**
